

Literacy

Our focus books this term are:

Maths

We will be learning more counting up and down nursery rhymes and songs

We will be learning about 2d and 3d shapes

We will be counting by rote beyond 10

We will be making marks to represent numbers

We will be learning to subitise numbers

We will continue to practice our careful counting

We will be solving some problems with numbers to 5

Communication and Language

We are going to learn some topic specific vocabulary around butterfly life cycles.

We are going to be challenged to answer why questions. We will continue to identify syllables in words and practice saying multi syllabic words. We will be saying longer sentences. We will be thinking about our own stories and performing them with our friends. We will also be learning some poems with actions we will be sharing with you!

Physical development

We will continue to explore different ways of moving and we are starting to wiggle while we squiggle. This will help to develop our core strength. We are going to ensure we discuss the importance of maintaining a healthy diet and keeping our teeth clean.

We are learning to write our names and continuing to develop our fine motor strength through using one handed tools.

Understanding the World

We have an exciting arrival in nursery we are going to have some caterpillars that we are going to look after. We will see the life cycle of butterflies in action. We will continue to take care of our plants outside.

We are going to think about the different forces we can feel. We will think about the area that we live in and how other countries are different.
