

# Year 1 Newsletter

## This term!

What an amazing start to the term we have had! Next we will be learning about how Louth has changed over time, including a focus on changes in transport. Did you know that Louth used to have a working train station and a working canal? By the end of the term we hope to put on an exhibition where we can tell someone about a place in Louth that has changed.

The Year 1 Team

## PE Days

Our PE days are every Wednesday. Please ensure your child's PE kit is in school every week.

## Reading Books

Reading books will be changed every week. Your child's bookmark explains about the two books your child will bring home. One is a phonics book for your child to read and the other is a language rich book for you to read to your child.

## We are Mathematicians!

This term we will be looking at the values of numbers to 10 and later 20 as well as adding and subtracting within 10.

This might look like counting objects then adding or taking away from the group. This might look like representing objects with equipment and combining groups or removing a group. This might look like forming numbers in number sentences.

## We are Authors!

We will be forming letters carefully, learning about the words that can be classed as nouns and verbs. We will be using this to write simple sentences. This might look like captions or a set of instructions for things we have made or done. We hope to write about a local visit we have been on too.

## Attendance

Thank you for your brilliant attendance in our first week. This must continue. Attending school every day is paramount in ensuring your child can be the very best version of themselves. At LaceyField, we are always here to support you with your child's attendance. If you feel you need any extra support with attendance and punctuality, please contact our family support team.
