- KS2 lead attended PE network meeting 11.7.24

In excess of **460** additional opportunity places across the Academy offered during 2023-24

Swimming Data

Meeting National Curriculum requirements for swimming and water safety.

Priority should always be given to ensuring that pupils can perform safe self-rescue even if they do not fully meet the first two requirements of the National Curriculum programme of study

Question	**Stats:**	**Further context**
What percentage of your current Year 6 cohort can swim competently, confidently and proficiently over a distance of at least 25 metres?	69.8%	Following top up swimming (split in to 2 sessions for staffing availability), a further 14 pupils achieved their distance award of 25m.
What percentage of your current Year 6 cohort can use a range of strokes effectively [for example, front crawl, backstroke, and breaststroke]? 45/92	48.9%	Whilst almost 70% can swim a distance of 25m, there are many restrictions in range of effective strokes over the same distance.

What percentage of your current Year 6 cohort are able to perform safe self-rescue in different water-based situations?53/92	57.6%	MVLC pool staff assessed pupils on ability to tread water for 2 minutes. General fitness impacted on this ability.
If your schools swimming data is below national expectation, you can choose to use the Primary PE and sport premium to provide additional top-up sessions for those pupils that did not meet National Curriculum requirements after the completion of core lessons. Have you done this?	Yes	42 pupils identified from Y6 cohort.

Have you provided CPD to improve the knowledge and confidence of staff to be able to teach swimming and water safety?	No	Delivery of all swimming is provided by L2 instructors from Magna Vitae Leisure Centre.
